MEMORANDUM FOR THE RECORD

**SUBJECT: Concurrence in Amendment No. 1 to Letter Contract No. FO-660
with Eastman Kodak Company, Project LYRISN**

1. Letter Contract No. FO-660 provides for all necessary labor and certain materials required to operate and maintain the film processing plant at Rochester, N. Y., and contemplates a time-and-material type definitive contract on a fiscal year term basis.

2. In view of the fact that actual operating costs of the processing plant as of 30 June 1956 will exceed the estimated cost by approximately \$25,000, Amendment No. 1 to the letter contract has been written to increase the estimated contract price from \$150,000 to \$175,000 for the period from 1 October 1955 to 30 June 1956. The amendment also signifies the Government's intent to renew the period of performance to 30 June 1957, subject to the availability of Fiscal Year 1957 funds.

3. Under Letter Contract No. FO-660 the sum of \$150,000 was obligated from Fiscal Year 1956 AQUATONE funds. An additional sum of \$25,000 is to be obligated from Fiscal Year 1956 AQUATONE funds to cover this Amendment No. 1.

4. Approval of Amendment No. 1 to Contract No. FO-660 and execution thereof on behalf of the Agency by the authorized Project Contracting Officer is recommended.
